Alumni Take Notice!

It is with regret that The Stout Institute administration publishes this notice. The school has been receiving many inquiries from graduates who have been victimized by Warren B. Niles. This has been accomplished through check endorsements. All former Stout students are hereby informed that in a very large majority of cases, checks endorsed and cashed are then returned by the banks marked no funds.

Sixteen Classes Represented at Alumni Banquet

* * * * *

An Alumni Reunion Luncheon was served Saturday noon at the Memorial. This is rather a new feature of Homecoming, but will improve as graduates become members of the Alumni Association, either individually or by affiliation with Stout Clubs of which there are many in the United States. This year's attendance, although small in number, had representatives from sixteen classes.

The officers of The National Stout Alumni Association present were:

President—Roy Van Duzee, West Allis, Wisconsin, 1914-23

Vice-Pres.—Helen Diamond, 1145 Argyle St., St. Paul, Minnesota, 1925

Secretary-Treasurer—Sarah Ohnstad Catura, Menomonie, Wisconsin, 1914

B., Menomonie, Wisconsin, 1918; Vanek, Mrs. Alice Donovan, Menomonie, Wisconsin, 1926

The guests were:

Pres. and Mrs. B. E. Nelson; Officers of The Stout Student Association: Julian Johnson, President; Henrietta Braker, Vice President; Frances Verkerke, Secretary; Clayton Halverson, Treasurer.

The President's welcome was followed by election of two officers. Miss Reka Lembke, West Allis, Wisconsin, was elected Vice President to succeed Miss Helen Diamond of St. Paul, Minnesota, who has served faithfully for two years.

In making an appeal for membership in the Alumni Association, the following reasons for joining were given by the secretary, Sarah Ohnstad Catura:

1. I am eligible—having received a diploma or degree.
2. My name and current address and position will be kept up to date in the files of the Association for the benefit of my friends and any employers who may desire my services.
- 3 I will thus become officially associated with the group of students in the field.
4. I can vote for the Alumni officers and will be eligible for office in the Association myself.
5. I am eligible to membership in any Stout local club of which many are organized throughout the country—one, perhaps in the city or state in which I shall work.
6. I can feel free to call on the Secretary to send me professional information, thus helping me often to solve any professional problems.
7. I will receive, without extra charge, copies of the Alum-

nus Magazine which will send me a report of what other graduates are doing in their field.

8. I can continue my interest in the school—though not directly, by helping to support an Annual Luncheon at Homecoming and the Welcome to the Graduating Class at Commencement.

Short talks were given by Miss Helen Diamond, retiring Vice President, and by Julian Johnson, President of The Stout Student Association.

Annual Homecoming Banquet Held October 20

* * * * *

The annual Homecoming banquet for Stout alumni, faculty, and students was held in the cafeteria at six-thirty Saturday evening, October 20. In accordance with the gala spirit of Homecoming, the cafeteria was decorated as a circus.

Under the big top were miriads of colored streamers and balloons. Varied colored paper caps containing whistles were placed at the places along with the real favors of the evening which were small clickers with the banquet program printed on one side with the Stout Alma Mater on the other. These were very successfully used, while Hooky's Livewires played and the clowns served the dinner.

As the dinner was about to draw to a close Julian Johnson, toastmaster for the evening, rose and gave the announcement that the rest of the time would be turned over to a "be-line" program which was as follows:

On Be-ing Welcome—President B. E. Nelson

On Be-half of the Alumni—Roy Van Duzee

On Be-ing Coach—Coach Paulus

Violin Selection—Doris Henry, accompanied by Lillian Hyland

On Be-ing Captain—Marty Opem

On Be-ing a Student—Eleanor Overby

After these speeches were made Mr. Johnson called on the captain of Stout's first football team, Mr. Anderson, for a

short impromptu speech. In closing, Mr. Johnson asked for a standing representation for each of the classes and it was found that there were two representatives from the 1905 class present.

Leslie Loomer '28, Elected Head of New "S" Club

* * * * *

Leslie Loomer, a guard of last year's football squad and who is at present teaching in Kasson, Minnesota, was elected president of the newly organized "S" club, which held its initial meeting in the Harvey Memorial Saturday morning.

Charles Pagnucco, former center during the seasons of 1926 and 1927, was elected vice president. Pagnucco is teaching in the part-time schools in Milwaukee and vicinity. Ralph Schaudé was elected secretary-treasurer. Schaudé is a junior at present.

Twenty lettermen were present. Many were called upon to express their views, among whom were Mr. Bowman, Mr. Nelson, Mr. Van Duzee and several others.

The purpose of the club is to further athletics at Stout through alumni out in the field, to keep lettermen in closer touch with what is going on here at school and to have all wearers of the "S" in one live organization.

Stout's 1928 Homecoming One of Best Ever Held

* * * * *

Homecoming has come and gone and Stout's brave fighters covered themselves with glory even in defeat before the terrific onslaughts of the powerful Stevens Point team carrying a world of punch and drive in Laabs, fullback.

Early morning risers Saturday were greeted with a blue, cloudless sky which helped make predictions run true, to mark Stout's 1928 Homecoming as one of the best and most complete ever held. Much of the success was due to the Friday

holiday which afforded students the opportunity to complete decorations and floats.

The many alumni and friends were on hand for the three-day celebration were beggars for words to describe their impressions of the enthusiasm that marked their warm welcome.

Enthusiasm Begins Early

The festivities got under way when the Manual Arts Players presented "The Patsy," Homecoming play, before an enthusiastic and appreciative audience that filled the Stout auditorium to capacity Friday evening. A well chosen cast dramatized their parts to perfection giving the Homecomers a wonderful portrayal of the pleasing three-act comedy.

The beat of the drums of the local post's American Legion drum corps were heard immediately after the play giving students the signal to "fall in" for the pajama parade. The night wear clad students stirred to new heights of pep by the martial music and chill in the air snake danced to the bonfire which was burning at its height when they arrived. Amidst incessant yells led by the cheer leaders, matrimonial rites united the two lower classes. It was nearly midnight before the bonfire ceremonies came to a close. Margaret Blair and Patsy Ruth Kelly were awarded first and second prizes respectively for the best appearing dress in the pajama parade.

Saturday Is Full Day

Saturday morning the various club breakfasts were held.

At 9:00 o'clock sharp all present and past lettermen of Stout met in the Harvey Memorial room to complete plans for the organization of the "S" club.

Julian Johnson, president of the S. S. A., presided at the mass meeting held at 11 o'clock in the auditorium. Many alumni present were called upon for talks all of whom expressed their pleasure at being able to be on hand for the occasion. Yells led by Rooter King Toby Emerson and his assistants, Leo Gardner and Al Poelliger, featured the major

part of the hour devoted to the pep session. Coaches Paulus and Van Putten gave short talks to the many alumni and students present.

Parade Is Best In Years

The grand parade formed at 1:15 o'clock on Wilson avenue with the Stout band in uniform headed by Harold Taufman, band major. Next in line followed the cars of President Nelson and Mr. Bowman. Nearly every organization in school was represented with a float. The parade moved through town until it reached the fairgrounds amidst the din of the fire sirens on the renovated fire wagon pulled by a truck.

For the best decorated float in the parade the M. A. P's were awarded first prize; Lynwood Hall took second, and the Science Club took third. Honorable mention went to the Philos, Rifle Club, Arena, S. M. A., Metallurgy and the W. A. A.

In their last home appearance for the season, before a large crowd of alumni, students, and visitors, Stout was defeated 25 to 7.

The afternoon's disaster was soon forgotten when alumni and students gathered again for the final large get-together at the Homecoming program in the beautifully decorated dining hall and gym for the banquet and dance which lasted until 12 o'clock. The Dreamland Livewires orchestra furnished the music for both events and were at their best.

Recent Outstanding Events

* * * * *

Events which may be of unusual interest to alumni have occurred since the last regular issue of the Alumnus. Several of these were a part of fine commencement exercises last May.

The presentation of the large portrait of James H. Stout, founder of the Institute, was one such event, the ceremonies taking place in the evening of commencement day, May 25. E. W. Schultz, President of the Board of Trustees presided, and the presentation was made by Honorable William H. Hatton. An acceptance address was made by President B. E. Nelson. Speakers on the general subject of The Influences of The Stout Institute on Education were John Callahan, State Superintendent, Robert L. Cooley, Director of the Milwaukee Vocational School, and the two people upon whom Stout conferred honorary degrees at the graduation exercises, Miss Adelaide S. Baylor, Chief of the Home Economics Division, Federal Board of Vocational Education, Washington, D. C., and Nicholas Ricciardi, Chief of the Division of Vocational Education, State Department of Education, Sacramento, California.

A Successful Summer

You who received the summer session directory and noticed how many of your friends were back to Menomonie for the nine-week session, know without this saying that the 1928 session was a successful one from every angle. The largest in attendance, work offered, and accomplishment—that is the general conclusion. It is not too early to plan your attendance here in 1929. Suggestions for new courses or other improvements should come to the office of the director, C. A. Bowman, at once, as plans for next summer are shaping themselves rapidly.

* * * * *

Following are a few of the outstanding news items from your campus. It has been an especially active year. Many of you will note new departures as you read this summary, or

changes in old time customs which may be for the better—or may not.

Faculty Additions

In the first place, four additions to the staff have been made this year. Miss Bletsoe resigned, and Miss Gertrude M. O' Brien of Boscobel, Wisconsin, is the new registrar. Miss O' Brien has her M. A. and several years of teaching experience besides her regular qualifications for the important position of registrar.

Miss Merna M. Miller of Mauston, Wisconsin, is an addition to the expanding science department. She attended Stevens Point and Ripon for her undergraduate work and received her M. S. at Wisconsin. She had previously instructed at Beloit and LaGrange colleges.

M. W. Van Putten is the addition to the also rapidly expanding social science group, and is assistant coach. In the latter capacity he has charge of linemen, and supervises the freshmen and other reserves for the varsity. His schools are Hope college and the University of Arizona. He was associated with Coach Paulus at Tuscon, Arizona, and has been instructor or principal of several high schools, such as Red Wing, Minnesota.

R. B. Antrim is the new assistant librarian to succeed the former Miss Christine Halseth who is now Mrs. George A. Quilling of San Luis Potosi, Mexico. Mr. Antrim is a graduate of DePauw and has had several library positions, the last before coming to Stout being the Milwaukee public library.

Enrollment Increases

Altho enrollment is usually a prosaic subject, the college is gratified to report a marked increase this year, proving the institution's recovery from the slump of two years ago when the exclusive four-year course was announced. A good ten percent increase over last year is at hand. The total is just under 400, already near the mark of the complete total of the last school year. The gain has come in the Industrial Education department, where there are 214 men at this time. This surpasses the fall registration of last year in the I. E. depart-

ment by nearly 40. It is expected to be only a matter of time until the maximum of about 500 is reached at Stout—provided that in the immediate years to come, the alumni continue to use their influence in directing students this way.

Football

Not so wonderful to report—but satisfying anyway. As was abundantly said at the Homecoming alumni banquet, a team which shows the training and the fight Stout has shown this season needs no apology. There is only one thing lacking to bring athletic victories to Stout, and that is material. The students and even the townspeople are completely satisfied with the coaching staff. The so-called school spirit is excellent in every respect, and the team members, to the extent of their abilities, have played first rate ball.

Unfortunately, we started too well by beating St. Paul Luther 26 to 0 and tying last year's champions, LaCrosse, 6 to 6. Then River Falls came over and literally wore us down to score two touchdowns in the second half for a score of 12 to 0. The Homecoming contest with the strong Stevens Point squad resulted in a beating of 25 to 7 for the Trainers. Superior has been beating everyone, and expects Stout to be no exception. Whitewater is also strong. But we hope to finish with a rosy tinge at Eau Claire November 3.

Football Material

We are tremendously handicapped by lack of material. We have plenty of good men, but in the past four years, at least, have had no outstanding stars around which to build a team.

The squad this year has done remarkably well against the players they have met. Every conference rival with the exception of Eau Claire, possibly, have an array of players which make our hard-trying boys look pretty weak.

We have abundant evidence that every team we have played this year is doing what every college does—except Stout—and that is go out after good students who are football players as well. Not one attraction or concession of any kind is used here to bring football material. We have quit the foolish

non-playing freshman experiment, which makes the time seem ripe to "go-get" a few players in a perfectly legitimate way—or else play in a weaker conference. The teachers' colleges are trimming the liberal arts colleges regularly, as you may have noticed. Our conference is playing high grade ball. It is high time we get into the game on all fours, admitting that such a situation would not be ideal, but also realizing that in Stout's transitional period especially is it highly practical and desirable. Alumni comments will be appreciated.

Homecoming Directory

The number of alumni that answered the invitation of their alma mater to attend the annual Homecoming was very gratifying.
